

Gwent Police and Crime Commissioner's Commissioning Intentions 21-22

Commissioning Budget

In 2021/22 the PCC's Commissioning Budget for commissioning services is £4m, this is made up of the following income streams:

- Commissioner's Core budget
- MOJ Victims Services Grant
- Proceeds of crime

Commissioning Intentions

The Police and Crime Commissioner (PCC) has established two annual competitive grant funds which are open to receive bids. Each has its own criteria and eligibility requirements, and both are intended to support delivery of the Police and Crime Plan priorities which can be utilised to fund desired requirements by encouraging suitable organisations to apply. The competitive grant funds will continue for 2021-22, they are:

[Positive Impact Fund](#)

[Police Community Fund](#)

The PCC also contributes annually to the High Sheriff's Grant Fund which compliments the Office of the Police and Crime Commissioner's (OPCC) Funds and contributes towards impacting the PCC's priorities. The award and management of these grants are made by the High Sheriff via Community Foundation in Wales.

The PCC may establish further grant funds as and when additional income is received and where a competitive grant fund has been selected as the most appropriate funding mechanism. All open, competitive grant funding streams are published on our website and promoted across Gwent and any relevant sectors.

Commissioning of services for each of the other funding streams and budgets is determined by a range of factors including current stage of commissioning cycle, the local landscape and partnerships, funding mechanism and terms and conditions of agreement. Services are secured following a grant or procurement process to secure the requirement, or alternatively grant funding can be strategically allocated to partners using a prescribed formula in order to support delivery of shared priorities.

Ad-hoc, unsolicited funding requests which are received outside of the funding streams documented and advertised will not be accepted by the OPCC. However, details of a request will be reviewed, and where the work is of interest and in line with the Commissioner's priorities, we contact the applicant to find out more and explore potential options for supporting.

The PCC's allocated budgets against priorities in the Police and Crime Plan for 2021/21 is as follows:

Priority	Thematic budget areas / ringfenced funds	Commissioning Intention	Commissioning Approach	Commissioning Activity for 21-22	Budget allocation 2021/22 (£)
