# Narrative Report

## Introduction

The purpose of the Statement of Accounts is to provide information about the financial position, performance, management accountability of resources, risks and uncertainties of the Police and Crime Commissioner for Gwent (Commissioner), which is useful to a wide range of users. Users of the financial statements may include the public, Government, grant-awarding bodies, employees, customers, suppliers and contractors of the Commissioner.

The accountability for public resources and the roles and responsibilities of the Commissioner and the Chief Constable set out in statute are documented in the Joint Annual Governance Statement. The review of the effectiveness of the governance arrangements of the Commissioner and Chief Constable is also set out in the Joint Annual Governance Statement, published separately alongside the Statement of Accounts.

## Statutory Framework for the Financial Statements

The Police Reform and Social Responsibility Act 2011 (PRSRA) established each Police and Crime Commissioner and Chief Constable in law as a 'corporation sole' - separate legal entities with their own legal personality. Each corporation sole is required to produce their own single entity Statement of Accounts, with the Commissioner also producing a Statement of Accounts for the Group (Commissioner Group) and the Police Pension Fund. The Commissioner is therefore responsible for the finances of the Commissioner Group and controls the assets, liabilities and reserves. The Commissioner also receives all the income and funding and makes all the payments for the Commissioner Group, including payments to officers and staff, from the General Police Fund. The Commissioner is also responsible for the funding of pension liabilities, both in the short and long term. In turn the Chief Constable fulfils their functions under the PRSRA with an annual devolved budget, set by the Commissioner in consultation with the Chief Constable.

The Accounts and Audit (Wales) Regulations 2014, require Local Government bodies to prepare a Statement of Accounts in accordance with proper practices. The Chartered Institute of Public Finance and Accountancy (CIPFA) Code of Practice on Local Authority Accounting (the Code) is identified as representing proper practices.

The Code applies to Local Government bodies set out in the Public Audit (Wales) Act 2004 who are required to prepare accounts for audit by the Auditor General for Wales. Section 12 of this Act has been amended by the PRSRA to replace reference to Police Authorities with Commissioners and Chief Constables.

The Code requires that Local Authorities prepare their Financial Statements in accordance with the International Accounting Standards Board (IASB) Framework for the Preparation and Presentation of Financial Statements (the IASB Framework) as interpreted by the Code. The IASB Framework sets out the concepts that underlie the preparation and presentation of financial statements for external users of the accounts. The Statement of Accounts continue to follow International Financial Reporting Standards (IFRS).

## Statement of Accounts

The Commissioner Group and single entity Commissioner Statement of Accounts for the financial year ended 31<sup>st</sup> March 2023, which is in accordance with the Code in the United Kingdom 2022/23, consist of:

- **Narrative Report** – which provides an introduction to the Statement of Accounts and highlights significant matters reported in the Accounts;
- **Independent Auditor's Report** – which confirms the opinion of the auditor as to whether the accounting statements give a true and fair view of the financial position of the Commissioner and Group, and have been properly prepared in accordance with the Code;
- **Statement of Responsibilities** – which sets out the respective responsibilities of the Commissioner and the Chief Finance Officer in respect of the Statement of Accounts;
- **Financial Statements:**
  - **Expenditure and Funding Analysis (EFA)** – this shows how annual expenditure is used and funded from resources (government grants, income, council tax and business rates) by the PCC Group in comparison with those resources consumed or earned in accordance with generally accepted accounting practices. It also shows how this expenditure is allocated for decision making purposes between the PCC Group, Chief Constable and associated services/departments;
  - **Comprehensive Income and Expenditure Statement (CIES)** – this shows the accounting cost in the year of providing a Police and Commissioning service in accordance with International Accounting Standards (IAS) rather than the amount funded from Government grants and taxation;
  - **Movement in Reserves Statement** – this shows the movement in the year on the different types of reserves and committed funds held by the Commissioner and provides a reconciliation between the funding and the cost of providing services reported in the CIES;

- **Balance Sheet** – this shows the value of the assets, liabilities and reserves (net worth) of the Commissioner as at 31<sup>st</sup> March 2023;
- **Cash Flow Statement** – this summarises, the changes in cash and cash equivalents during the financial year. Cash flows are categorised as operating, investing and financing activities;
- **Police Pensions Account** – this provides information about the financial transactions in respect of the Police Pension Schemes. Each individual Chief Constable is required by legislation (Police Pension Fund Regulations 2007) to operate a Pension Fund using monies provided by the Commissioner; and
- **Notes to the Financial Statements** – these provide further analysis and explanations on items of income, expenditure, assets, liabilities and reserves within the main accounting statements detailed above.

## Financial Performance of the Commissioner Group

The following summary provides an overview of the financial position and performance of Gwent Police for the year ending 31<sup>st</sup> March 2023.

### Revenue Income and Expenditure

The net revenue budget requirement for the year of £156.427m was approved by the Commissioner on 22<sup>nd</sup> February 2022. After the Home Office Grant of £62.343m, Revenue Support Grant of £25.727m and National Non-Domestic Rates of £0.212m, the amount to be collected from Council Tax was £68.145m. The table below provides a breakdown of what this money was spent on and funded during the year.

	2022/23 %	2022/23 £m	2021/22 £m
Police officer and staff costs including pensions	75	148.4	148.3
Non- Pay costs (premises, transport, supplies and services, agency and contracted services)	25	49.5	43.2
Other service costs (depreciation, non-enhancing capital expenditure)	0	0.6	0.5
<b>Gross Expenditure of Services</b>	<b>100</b>	<b>198.5</b>	<b>192.0</b>
Less: grants and income		(21.6)	(19.3)
<b>Net Cost of Policing Services</b>		<b>176.9</b>	<b>172.7</b>
Accounting adjustments (pensions, depreciation, movements on General Fund reserves)		(20.5)	(25.1)
<b>Budget Requirement</b>		<b>156.4</b>	<b>147.6</b>
Non- ring-fenced government grants	56	88.1	73.1
Non-Domestic Rates Income	0	0.2	10.3
Council Tax	44	68.1	64.2
<b>Total Funding</b>	<b>100</b>	<b>156.4</b>	<b>147.6</b>

Further analysis of how annual expenditure is used and funded can be found in the Expenditure and Funding Analysis (EFA) in the Financial Statements.

Savings arose through anticipated recurrent savings from the acceleration of efficiency schemes via the Force's Service Improvement Programme and reduced spend against demand led budgets. This was transferred to Usable Reserves. Usable Reserves at the end of the year after these transfers were £29.774m (2021/22 £33.720m). Usable Reserves are the General Fund and those other committed funds set aside from the General Fund to provide financing for future capital and revenue expenditure plans. Notes 9 and 23 to the Financial Statements provides more information on this.

### Capital Expenditure and Capital Financing

During 2022/23, capital expenditure was £7.5m against a revised capital budget of £22.4m. This represents money spent for the purpose of purchasing, upgrading and improving assets such as property, vehicles, computers, communications and equipment. Capital expenditure was financed by reserves and revenue contributions, and is summarised below:

	2022/23 %	2022/23 £m	2021/22 £m
Land and buildings	11	0.8	0.0
Vehicles, plant, furniture & equipment	61	4.6	4.3
Assets under construction	24	1.8	12.6
Intangible assets	4	0.3	0.4
<b>Total</b>	<b>100</b>	<b>7.5</b>	<b>17.3</b>

The ongoing works in 2021/22 was associated primarily with the building of a new headquarters. The associated relocation is complete.

### Balance sheet

The table below is a summary of the Commissioner Group's balance sheet as at 31<sup>st</sup> March 2023. It summarises the Group's assets, liabilities and reserves.

	2022/23 £m	2021/22 £m
Tangible assets (Property, vehicles, plant furniture and equipment)	69.3	65.6
Intangible assets (Computer software)	0.4	0.3
Assets held for sale and long-term debtors	0.1	0.0
Stocks	0.7	0.5
Debtors (money owed to Gwent Police)	10.2	17.0
Creditors (money owed by Gwent Police)	(18.0)	(18.2)
Temporary investments and deposits	35.3	32.0
Cash and cash equivalents	1.5	1.4
Provisions	(2.2)	(1.7)
Other long-term liabilities	(1,116.4)	(1,713.8)
Less: Unusable reserves	1,048.9	1,650.6
<b>Total assets less liabilities</b>	<b>29.8</b>	<b>33.7</b>
<b>Financed by:</b>		
Usable reserves	(29.8)	(33.7)
	<b>(29.8)</b>	<b>(33.7)</b>

### Capital Borrowing and the Repayment of Debt

No new loans were taken up in respect of approved capital expenditure during the year and following the early settlement of all loan debt in previous financial years, meant that there was no loan debt outstanding at 31<sup>st</sup> March 2023.

### Pensions Liability

The Pension Scheme for Police Officers is an unfunded scheme. The Government Actuary's Department calculate the potential liability of the Police schemes based on Actuarial review, using Pension and Payroll data.

In the case of Police Staff, Gwent Police is an admitted body to the Greater Gwent (Torfaen) Pension Fund Local Government Pension Scheme, which is a funded scheme.

The impact of an increase in scheme liabilities as a result of the McCloud/Sargeant ruling on claims of unlawful discrimination arising from the Transitional Provisions of the Police Pension Regulations 2015, will be measured through the valuation process which determines employer and employee contribution rates. The Police Pension valuation as at 31<sup>st</sup> March 2020 will be implemented for 2023/24. The impact of an increase in annual pension payments arising from McCloud / Sargeant is determined through The Police Pension Fund Regulations 2007. These require the Police and Crime Commissioner to maintain a police pension fund into which officer and employer contributions are paid and out of which pension payments to retired officers are made. If the police pension fund does not have enough funds to meet the cost of pensions in year the amount required to meet the deficit is then paid by the Secretary of State to the Police and Crime Commissioner in the form of a central government top-up grant. The estimated impact of the McCloud/Sargeant ruling has been reflected in the past service costs, notional scheme liabilities and IAS19 disclosures of both pension schemes since 2019/20.

The estimated net liabilities for both schemes decreased over the year from £1,713.8m to £1,116.4m, a decrease of 34.9%, which was mainly due to changes in actuarial assumptions. The unrealised net losses or gains for the year on both schemes have no direct impact on the cost of services in the Comprehensive Income and Expenditure Statement and the notional liability is recognised in the Balance Sheet only.

Following a revaluation of public sector pensions, police forces were originally facing increased police officer pensions costs of around £330m per annum from 2019/20 onwards. As part of the 2016 Pension Valuation, HM Treasury announced Public Sector Pension Valuation 'Directions', which serve to increase the Employer's Contribution rate from 2019/20 for Public Sector Pension Schemes (including the Police Pension Scheme). The main change is the reduction to the 'discount rate', which is used to convert future pension payments into present day value. This rate reflects the Office for Budget Responsibility's view on the national economic outlook, which in turn reflected a particularly uncertain period prior to Brexit. There remained an overall shortfall of funding from Government of around £13m nationally at the time. With Police Officers and Police Staff receiving a 2.5% pay award in September 2020, coupled with a significant number of Gwent Police Officers being new to the Police Service and therefore receiving pay increments, the estimated pension shortfall (assuming flat cash pension grant) has risen by £0.761m to £2.464m in 2022/23 and by a further £1.043m to £3.507m for 2023/24. This shortfall has been met from a contribution from reserves and committed funds and not from Council Tax Precept in 2022/23. We have assumed in future years' forecasts that the Specific Pension Grant will be recurrently provided to meet the recurrent pension costs, but this is not yet certain.

## Looking Ahead

Going forward there are a number of longer term funding issues that need to be addressed as part of the Medium Term Financial Plan (MTFP) process covering the five year period from 2023/24 to 2027/28. These include, but are not limited to:

- Long term implications of Covid-19 and global events;
- Inflation and the national cost of living crisis, particularly the ongoing cost of energy;
- Police Funding Formula Changes;
- Maintaining officer numbers under the Police Uplift Programme (PUP) and ongoing PCSO funding;
- Delivering on sustainable policing through technology, transport and infrastructure; and
- Achieving the "Greener Gwent" sustainability strategy.

The Final Policing Settlement published by the Home Office (HO) in January 2023 represents the second year of the Comprehensive Spending Review published in October 2021 (CSR 2021). Because of global events, the impact on the UK economy has meant a more punitive outcome for Policing budgets than originally envisaged. While there is additional level of Council Tax flexibility and confirmation of expected Police Uplift Programme funding for additional officers, there remains little additional funding for the sector from Government. This is a direction of travel back to flat cash funding and a requirement on forces to manage inflationary pressures within local budgets. The final year of the three year CSR 2021 is likely to reflect the same position and could be more punitive if economic recovery is not sustained or Government priorities change. In short, the Final Settlement is very much a continuation of existing programmes against a backdrop of largely flat cash. The limited increases in Central Government Grant Funding in 2023/24 are mostly ringfenced for maintaining a set number of Police Officer posts and their associated consequential costs, and the remaining Central Government Grant Funding only goes part way towards meeting national policy decisions such as the shortfall in pension funding. Therefore, remedying previous real-term disinvestment in the Service by Government and meeting future everyday pressures such as pay awards and inflation; new service pressures to tackle more complex crime; and unavoidable cost increases, will fall to realising cashable efficiency savings locally or the Council Tax Precept.

Brexit uncertainty since 2016, coupled with the longer term recovery from the Covid19 pandemic and global events such as the war in Ukraine, has brought further financial challenges particularly in relation to inflationary pressures on both pay and non-pay budgets. For the next two years, therefore, Policing can expect very little growth in central Government funding. The Force will be required to make substantial additional efficiencies to mitigate the initial and long term effects of higher costs from forecast higher inflation rates of over 7% and pay awards of well over 3% in 2023/24. This has affected both revenue costs and the capital expenditure programme, with inflation substantially increasing budgets for building works and ICT investment as well as multi-million financial pressures on policing budgets in Gwent.

The CSR 2021 was silent on the HO review of the Police Funding Formula which continues to provide additional future financial uncertainty to 2027/28. By way of background, once the overall size of the Policing budget is determined by the HO (via the CSR/SR process), then the amount of funding provided to respective Police and Crime Commissioners is determined by the Police Funding Formula. The current formula is out-dated, overly complex, opaque and in need of review. Following several 'false starts' to the review process between 2015 and 2020 as a result of Brexit negotiations, 'snap' General Elections in 2017 and 2019, and the significant increase in the threat of terrorism, the implementation has been delayed. In the late Summer of 2021 however, the review re-commenced under significant academic rigour; a robust governance structure; and a challenging timetable in the early months. Completion and sign-off is expected by December 2024 at the latest, with the associated implementation from the 2025/26 financial year onwards. There are risks to central government funding of the Force and Commissioner from 2025/26 onwards, which have been included in the assumptions in the MTFP.

The Home Office continues to partly provide the financial means to meet the Prime Minister's pledge to recruit an additional 20,000 police officers by 31<sup>st</sup> March 2023. Police Officer recruitment plans under PUP started in earnest in the latter part of 2019/20, continued in 2020/21 and the Force has now met its local targeted growth in officer numbers to 1,506 wte officers by 31<sup>st</sup> March 2023. Importantly, additional funding has been partly provided for the associated infrastructure needed to make those new Police Officers as effective as they could be. In addition, the Welsh Labour manifesto commitment to increase PCSO numbers in Wales by a further 100 was implemented in 2021/22. This translated to 20 wte PCSOs in addition to the 101 wte already funded by the Welsh Government. The 2022/23 funding amount for the entire 121 wte is estimated to be £4.556m. The Commissioner's and Chief Constable's commitment for a further 10 PCSOs brought the total number of PCSOs funded in Gwent to 172 wte for 2022/23. Going forward, the level of Welsh Government funding has been reduced to £3.945m for 2023/24, placing significant pressures on local funding if the Commissioner and Force are to maintain the current level of 172 wte PCSOs and raising questions over the affordability of future planned growth.

Over the five-year period of the MTFP, there are additional local uncertainties, including the future growth in national ICT infrastructure costs; the policing impact of the International Convention Centre for Wales at the Celtic Manor Resort; and the funding of the Police Education Qualifications Framework. In addition, the MTFP continues to invest in the capital requirements of the Force through replacement of vehicles, a modern estate, and information technology that will enable officers and staff to deliver more effective and efficient services. This capital programme also includes the delivery of the "Greener Gwent" sustainability strategy, with clear investment in electric vehicles and solar panels to reduce the Force's carbon footprint. The capital programme for 2023/24 remains substantial at £23.9m and will be funded partly from revenue budget contributions and reserves. The remainder of funding for the capital programme will increasingly be from long term borrowing, increasing budgetary pressures from financing and interest costs in future years, thereby, questioning the affordability and sustainability of further investment in the Capital Programme.

At this time, the pressures and service developments recognised were consistent with those identified within local, regional and national priorities. The Force needs to continue positioning itself to deliver the Commissioner's Police and Crime Plan 2021 -2025, the Government's Beating Crime Plan and the Policing Vision 2025; all to the backdrop of financial constraints; increasing unavoidable service pressures; Policing more complex crime types; and Policing in the digital age. In particular, the MTFP supports the Police and Crime Plan in delivering its key priorities in Gwent until 2025 which are to:

- Keep neighbourhoods safe;
- Combat serious crime;
- Support victims and protect the vulnerable;
- Increase community confidence in policing; and
- Drive sustainable policing.

Against these pressures, Gwent Police continues to be proactive in responding to the Government's austerity programme, by seeking to address Home Office efficiency requirements, deliver service improvement through transformational change to meet current and future demand, and deliver efficiency savings. As part of CSR 2021, the Government will expect to see over £100m of cashable efficiency savings delivered from force budgets by 2024/25. To the end of 2022/23 therefore, Gwent Police has delivered cumulative recurring cashable efficiency savings of £53.772m. This has been achieved through the ongoing success of the Continuous Improvement Programme (previously Staying ahead programme); which over recent years has become core Force business within its Continuous Improvement Department. In addition, His Majesty's Inspectorate of Constabulary and Fire & Rescue Services' (HMICFRS) Value For Money (VFM) Profiles are a key tool in indicating potential areas for saving schemes' opportunities.

After reflecting the 2023/24 Final Settlement; the estimated impact of the Police Funding Formula review; the costs of long term borrowing; and further funding pressures, in March 2023, at the conclusion of the 2023/24 budget setting round and after delivering a further £1.142m of savings along with further reserve utilisation of £3.457m, the MTFP presented a balanced budget for the 2023/24 financial year. However, the level of reserves required to achieve this balanced position is not sustainable and the recurring funding deficit for 2027/28 was forecast to be £24.791m. Even after known savings there remains a net funding deficit after efficiencies of £20.887m by 2027/28. Substantial work is therefore ongoing in 2023/24 to identify additional, recurring efficiencies to meet future everyday pressures such as pay awards and inflation; new service pressures to tackle more complex crime; and unavoidable cost increases falls to realising cashable efficiency savings elsewhere or the Council Tax Precept.

It is clear that, at the precise moment when policing felt it was free of the last ten years of austerity and that investment in policing was back on the table, a significant period of financial uncertainty now awaits Gwent Police. However, Gwent Police has a strong track record of operating within funding constraints and will therefore attempt to continue to manage reductions in real term funding from the Government and public of Gwent, throughout the period of the MTFP. The Commissioner and Chief Constable remain focused on delivering a new generation of savings schemes and maintaining a detailed schedule of planned work to review functions and departments; balanced against the operational policing needs of Gwent.

# Independent Auditor's Report

## The Independent auditor's report of the Auditor General for Wales to Police and Crime Commissioner for Gwent Report on the audit of the financial statements

I have audited the financial statements of:

- Police and Crime Commissioner for Gwent;
- Police and Crime Commissioner for Gwent Group which comprise the Police and Crime Commissioner for Gwent and the Chief Constable of Gwent Police
- Gwent Police Pension Fund

for the year ended 31 March 2023 under the Public Audit (Wales) Act 2004.

The Police and Crime Commissioner for Gwent financial statements comprise the Comprehensive Income and Expenditure Statement, the Balance Sheet, the Movement in Reserves Statement, the Cash Flow Statement and the related notes, including the Expenditure and Funding Analysis and a summary of significant accounting policies.

The Police and Crime Commissioner for Gwent Group financial statements comprise the Group Comprehensive Income and Expenditure Statement, the Group Balance Sheet, the Group Movement in Reserves Statement, the Group Cash Flow Statement and the related notes, including the Group Expenditure and Funding Analysis and a summary of significant accounting policies.

The Gwent Police Pension Fund financial statements comprise the Fund Account and Net Assets Statement and related notes.

The financial reporting framework that has been applied in their preparation is applicable law and UK adopted international accounting standards as interpreted and adapted by the Code of Practice on Local Authority Accounting in the United Kingdom 2022-23.

In my opinion the financial statements:

- give a true and fair view of the financial position of the Police and Crime Commissioner for Gwent, the Police and Crime Commissioner for Gwent Group and the Gwent Police Pension Fund as at 31 March 2023 and of its income and expenditure for the year then ended; and
- have been properly prepared in accordance with legislative requirements and UK adopted international accounting standards as interpreted and adapted by the Code of Practice on Local Authority Accounting in the United Kingdom 2022-23.

### Basis of opinion

I conducted my audit in accordance with applicable law and International Standards on Auditing in the UK (ISAs (UK)) and Practice Note 10 'Audit of Financial Statements of Public Sector Entities in the United Kingdom'. My responsibilities under those standards are further described in the auditor's responsibilities for the audit of the financial statements section of my report. I am independent of the Police and Crime Commissioner for Gwent and the Police and Crime Commissioner for Wales' Group in accordance with the ethical requirements that are relevant to my audit of the financial statements in the UK including the Financial Reporting Council's Ethical Standard, and I have fulfilled my other ethical responsibilities in accordance with these requirements. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

### Conclusions relating to going concern

In auditing the financial statements, I have concluded that the use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work I have performed, I have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Police and Crime Commissioner for Gwent, the Police and Crime Commissioner for Gwent Group and the Gwent Police Pension Fund's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from when the financial statements are authorised for issue.

My responsibilities and the responsibilities of the responsible financial officer with respect to going concern are described in the relevant sections of this report.

### Other Information

The other information comprises the information included in the annual report other than the financial statements and my auditor's report thereon. The Responsible Financial Officer is responsible for the other information contained within the annual report. My opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in my report, I do not express any form of assurance conclusion thereon.

My responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If I identify such material inconsistencies or apparent material misstatements, I am required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work I have performed, I conclude that there is a material misstatement of this other information, I am required to report that fact.

I have nothing to report in this regard.

## **Report on other requirements**

### **Opinion on other matters**

In my opinion, based on the work undertaken in the course of my audit:

- the information contained in the Narrative Report for the financial year for which the financial statements are prepared is consistent with the financial statements and the Narrative Report has been prepared in accordance with the Code of Practice on Local Authority Accounting in the United Kingdom 2022-23;

the information given in the joint Annual Governance Statement of the Police cxv, thereby, questioning the affordability and sustainability of further investment in the Capital Programme.

- and Crime Commissioner for Gwent and the Chief Constable for Gwent for the financial year for which the financial statements are prepared is consistent with the financial statements and the joint Annual Governance Statement has been prepared in accordance with guidance.

### **Matters on which I report by exception**

In the light of the knowledge and understanding of Police and Crime Commissioner for Gwent, the Police and Crime Commissioner for Gwent Group and the Gwent Police Pension Fund and its environment obtained in the course of the audit, I have not identified material misstatements in the Narrative Report or the joint Annual Governance Statement.

I have nothing to report in respect of the following matters, which I report to you, if, in my opinion:

- adequate accounting records have not been kept, or returns adequate for my audit have not been received from branches not visited by my team;
- the financial statements are not in agreement with the accounting records and returns; or
- I have not received all the information and explanations I require for my audit.

## **Responsibilities**

### **Responsibilities of the responsible financial officer for the financial statements**

As explained more fully in the Statement of Responsibilities for the Statement of Accounts the responsible financial officer is responsible for the preparation of the statement of accounts, including the Police and Crime Commissioner for Gwent' Group financial statements and the Gwent Police Pension Fund, which give a true and fair view, and for such internal control as the responsible financial officer determines is necessary to enable the preparation of statements of accounts that are free from material misstatement, whether due to fraud or error.

In preparing the statement of accounts, the responsible financial officer is responsible for assessing the Police and Crime Commissioner for Gwent, the Police and Crime Commissioner for Gwent Group and the Gwent Police Pension Fund's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless deemed inappropriate.

### **Auditor's responsibilities for the audit of the financial statements**

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. I design procedures in line with my responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud.

My procedures included the following:

- Enquiring of management, the Police and Crime Commissioner for Gwent and his head of internal audit and those charged with governance, including obtaining and reviewing supporting documentation relating to Police and Crime Commissioner for Gwent, the Police and Crime Commissioner for Gwent Group and the Gwent Police Pension Fund policies and procedures concerned with:
  - identifying, evaluating and complying with laws and regulations and whether they were aware of any instances of non-compliance;

- detecting and responding to the risks of fraud and whether they have knowledge of any actual, suspected or alleged fraud; and
- the internal controls established to mitigate risks related to fraud or non-compliance with laws and regulations.
- Considering as an audit team how and where fraud might occur in the financial statements and any potential indicators of fraud. As part of this discussion, I identified potential for fraud in the following areas: revenue recognition, posting of unusual journals and bias when calculating accounting estimates;
- Obtaining an understanding of Police and Crime Commissioner for Gwent, the Police and Crime Commissioner for Gwent Group and the Gwent Police Pension Fund's framework of authority as well as other legal and regulatory frameworks that the Police and Crime Commissioner for Gwent and the Police and Crime Commissioner for Gwent Group operates in, focusing on those laws and regulations that had a direct effect on the financial statements or that had a fundamental effect on the operations of the Police and Crime Commissioner for Gwent, the Police and Crime Commissioner for Gwent Group and the Gwent Police Pension Fund.

In addition to the above, my procedures to respond to identified risks included the following:

- reviewing the financial statement disclosures and testing to supporting documentation to assess compliance with relevant laws and regulations discussed above;
  - enquiring of management, the Joint Audit Committee and legal advisors about actual and potential litigation and claims;
  - reading minutes of meetings of those charged with governance;
  - in addressing the risk of fraud through management override of controls, testing the appropriateness of journal entries and other adjustments;
  - assessing whether the judgements made in making accounting estimates are indicative of a potential bias; and
  - evaluating the business rationale of any significant transactions that are unusual or outside the normal course of business.

I also communicated relevant identified laws and regulations and potential fraud risks to all audit team members and remained alert to any indications of fraud or non-compliance with laws and regulations throughout the audit.

The extent to which my procedures are capable of detecting irregularities, including fraud, is affected by the inherent difficulty in detecting irregularities, the effectiveness of the Police and Crime Commissioner for Gwent, the Police and Crime Commissioner for Gwent Group and the Gwent Police Pension Fund's controls, and the nature, timing and extent of the audit procedures performed.

A further description of the auditor's responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website [www.frc.org.uk/auditorsresponsibilities](http://www.frc.org.uk/auditorsresponsibilities). This description forms part of my auditor's report.

#### **Certificate of completion of audit**

I certify that I have completed the audit of the accounts of the Police and Crime Commissioner for Gwent, the Police and Crime Commissioner for Gwent Group and the Gwent Police Pension Fund in accordance with the requirements of the Public Audit (Wales) Act 2004 and the Auditor General for Wales' Code of Audit Practice.

## Expenditure and Funding Analysis

The Expenditure and Funding Analysis (EFA) shows how annual expenditure is used and funded from resources (government grants, income, council tax and business rates) by the PCC Group in comparison with those resources consumed or earned in accordance with generally accepted accounting practices. It also shows how this expenditure is allocated for decision making purposes between the PCC Group, Chief Constable and associated services/departments. Income and expenditure is presented more fully in the CIES. Further detail in Note 7.

### Notes to the Police Pension Fund Account

- The accounting policies followed and assumptions made regarding the Police Pensions Account are in line with those set out in Note 1, Accounting Policies;
- The Police Pension Scheme was administered by Capita Plc. up to 30<sup>th</sup> June 2021. From 1<sup>st</sup> July 2021 the Police Pension Scheme is administered by XPS under contract;
- There are no investment assets in the fund. The payments in and out of the Pension fund are balanced to nil each year by receipt of additional contributions from the General Police Fund, which in turn is reimbursed by a specific Home Office grant (Top Up Grant); and
- The Pension Fund's financial statements do not take account of future pension obligations after the 31<sup>st</sup> March 2023. However, these are presented on the Balance Sheet under Net Pension Liability with detailed disclosures in Note 36, Defined Benefit Pension Schemes.

## Notes to the Financial Statements of the PCC Group

This set of notes represents the consolidated notes for the Statement of Accounts for 2022/23.

### Note 1 - Accounting Policies

#### 1.1 General Principles

The Statement of Accounts summarises the PCC Group transactions for the 2022/23 financial year and its position at the year-end of 31<sup>st</sup> March 2023. The PCC Group is required to prepare an annual Statement of Accounts by the Accounts and Audit Regulations 2015, which require the accounts to be prepared in accordance with proper accounting practices. These practices primarily comprise the Code of Practice on Local Authority Accounting in the UK 2022/23 and the CIPFA Service Reporting Code of Practice 2022/23, supported by International Financial Reporting Standards (IFRS).

The accounting convention adopted in the Statement of Accounts is principally historical cost, modified by the revaluation of certain categories of non-current assets and financial instruments. The Statement of Accounts have been prepared on a going concern basis.

#### 1.2 Charges to Revenue for Non-Current Assets

The cost of Police Services is debited with the following to record the cost of holding fixed assets during the year:

Depreciation attributable to the assets used by the relevant service;

Revaluation and impairment losses on assets used by the service where there are no accumulated gains in the Revaluation Reserve against which the losses can be written off; and

Amortisation of intangible fixed assets attributable to the service.

The charges to revenue for the above are charged via an intra-group funding adjustment to the Chief Constable's Net Cost of Services.

The PCC Group is not required to raise council tax to fund depreciation, revaluation and impairment losses or amortisations. However, it is required to make an annual contribution from revenue towards the reduction in its overall borrowing requirement equal to an amount calculated on a prudent basis determined by the PCC in accordance with statutory guidance. Depreciation, revaluation and impairment losses and amortisations are therefore replaced by the contribution in the General Fund Balance (Minimum Revenue Provision (MRP) or loans fund principal), by way of an adjusting transaction with the Capital Adjustment Account (Unusable Reserve) in the Movement in Reserves Statement for the difference between the two.

#### 1.3 Accruals of Income and Expenditure

Activity is accounted for in the year that it takes place, not simply when cash payments are made or received. In particular:

- (i) Revenue from the sale of goods is recognised when the PCC Group transfers the significant risks and rewards of ownership to the purchaser and it is probable that economic benefits or service potential associated with the transaction will flow to the PCC Group;
- (ii) Revenue from the provision of services is recognised when the PCC Group can measure reliably the percentage of completion of the transaction and it is probable that economic benefits or service potential associated with the transaction will flow to the PCC Group;
- (iii) Supplies are recorded as expenditure when they are consumed. Where there is a gap between the date supplies are received and their consumption, they are carried as inventories on the Balance Sheet;
- (iv) Expenses in relation to services received (including services provided by employees) are recorded as expenditure when the services are received rather than when payments are made;
- (v) Interest receivable on investments and payable on borrowings is accounted for respectively as income and expenditure on the basis of the effective interest rate for the relevant financial instrument rather than the cash flows fixed or determined by the contract; and
- (vi) Where revenue and expenditure have been recognised but cash has not been received or paid, a debtor or creditor for the relevant amount is recorded in the Balance Sheet. Where debts may not be settled, the balance of debtors is written down and a charge made to revenue for the income that might not be collected.

#### 1.4 Exceptional Items

When items of income and expense are material, their nature and extent is disclosed separately, either on the face of the Comprehensive Income and Expenditure Statement (CIES) or in the notes to the accounts, depending on how significant the items are to the understanding of the PCC Group's financial performance.

### 1.5 Capital Receipts

Capital receipts (arising from the disposal of capital assets) where the sale proceeds are in excess of £10,000 which have not been set aside for the redemption of debt or to finance new capital expenditure are held in the Usable Capital Receipts Reserve. Receipts appropriated to this Reserve are presented in the Movement on Reserves Statement.

### 1.6 Cash and Cash Equivalents

Cash and cash equivalents (highly liquid investments) are represented by cash in hand, deposits and investments that have an original term of less than three months and are repayable on notice of not more than 24 hours without material penalty. In the Balance Sheet, cash and cash equivalents are shown net of bank overdrafts that are repayable on demand and form an integral part of the PCC Group's cash management.

### 1.7 Employee Benefits

#### Benefits Payable during Employment

Short term employee benefits are those due to be settled within 12 months of the year-end. They include such benefits as salaries, paid annual leave and overtime on the card and are recognised as an expense for services in the year in which employees render service to the PCC Group. An accrual is made for the cost of holiday entitlements (or any form of leave, rest day carry over and overtime on the card) earned by employees but not taken before the year-end which employees can carry forward into the next financial year. The accrual is made at the salary rates applicable at the end of the accounting period in question. The accrual is charged to the Cost of Services and the liability is recorded in the Police and Crime Commissioner's and Police and Crime Commissioner Group's balance sheet within its unusable reserves as statute dictates that the Chief Constable cannot hold reserves.

#### Termination Benefits

Termination benefits are amounts payable as a result of a decision by the PCC Group to terminate an employee's employment before the normal retirement date, or an employee's decision to accept voluntary redundancy in exchange for those benefits. When the PCC Group is demonstrably committed to the termination of the employment of an employee or group of employees, or making an offer to encourage voluntary redundancy, these costs are charged on an accruals basis to the respective service line in the CIES.

#### Post-employment Benefits

The pension costs included in the accounts have been determined in accordance with relevant Government regulations. IAS 19 requires that current and future pension liabilities appear in the accounts of organisations (both public and private). It requires that there is full recognition of the asset/liability; that a pension reserve appears in the Balance Sheet; and entries in the CIES record movements in the asset/liability.

The PCC Group participates in two post-employment pension schemes. The Police Pension Scheme, for Police Officers and the Greater Gwent (Torfaen) Local Government Pension Scheme, for Police Staff. Both schemes provide defined benefits to members e.g. retirement lump sums and pensions, earned as employees working for the PCC Group, or for related parties.

In relation to retirement benefits, statutory provisions require the Police Fund balance to be charged with the amount payable by the PCC Group to the pension fund or directly to pensioners in the year, not the amount calculated according to the relevant accounting standards, in the Movement in Reserves Statement. This means that there are appropriations to and from the Pensions Reserve to remove the notional debits and credits for retirement benefits and replace them with debits for the cash paid to the pension fund and pensioners and any such amounts payable but unpaid at the year-end. The negative balance that arises on the Pensions Reserve thereby measures the beneficial impact to the General Fund of being required to account for retirement benefits on the basis of cash flows rather than as benefits are earned by employees.

#### Discretionary Benefits

The PCC Group provides discretionary post-employment benefits which arise from additional service and are awarded on a discretionary basis. These benefits are unfunded with costs met directly from the PCC Group's revenue account.

#### Injury Benefits

The PCC Group also pays injury benefits to those Police Officers who have been medically retired as a result of an injury on duty. Amounts are paid as part of the Officers' monthly pension but rather than being an item of expense in the Police Pensions Account, these amounts are transferred into CIES and are a charge against the General Police Fund balance.

### 1.8 Financial Instruments

#### Financial Liabilities

Financial liabilities are initially measured at fair value and are carried at their amortised cost. Annual charges to the CIES for interest payable are based on the carrying amount of the liability, multiplied by the effective rate of interest of the liability. The amount presented in the Balance Sheet is the principal outstanding plus accrued interest on the liability.

## Financial Assets

Are classified into two types:

- (i) Loans and receivables – assets that have fixed or determinable payments but are not quoted in an active market; and
- (ii) Available-for-sale assets – assets that have a quoted market price and/or do not have fixed or determinable payments.

The valuation applied to loans and receivables is their carrying value, as these assets cannot be sold and hence there is no market valuation. The PCC Group does not have any available-for-sale assets.

### 1.9 Fair Value

IFRS 13 Fair Value Measurement has been adopted by the Code and applied accordingly in the Financial Statements. This IFRS seeks to increase the consistency and comparability in the fair value measurement and related disclosures.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement assumes that the transaction to sell the asset or transfer the liability takes place either:

In the principal market for the asset or liability, or

In the absence of a principal market, in the most advantageous market for the asset or liability.

The PCC Group uses appropriate valuation techniques for each circumstance, maximising the use of relevant known data and minimising the use of estimates or unknowns. This takes into account the three levels of categories for inputs to valuations for fair value assets:

Level 1 – quoted prices;

Level 2 – inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; or

Level 3 – unobservable inputs for the asset or liability.

### 1.10 Government Grants and Contributions

Whether paid on account, by instalments or in arrears, government grants, third party contributions and donations are recognised as due to the PCC Group when there is reasonable assurance that the PCC Group will comply with the conditions attached to the payments and the grants or contributions will be received.

Amounts recognised as due to the PCC Group are not credited to the CIES until conditions attached to the grant or contribution, have been satisfied. Conditions are stipulations that specify that the future economic benefits or service potential embodied in the asset acquired using the grant or contribution are required to be consumed by the recipient as specified, or future economic benefits or service potential must be returned to the transferor.

### 1.11 Inventories and Long-Term Contracts

The PCC Group maintains stocks of uniforms, body armour and vehicle parts. Stocks of diesel, custody items and computer consumables have been removed from the Balance Sheet and expensed to the CIES during the year, as balances held were not deemed to be material. The value of stocks held at the end of the year is recorded in the accounts at current cost, with the exception of vehicle parts which are recorded at historical cost. Donated stock has not been included in the Balance Sheet as balances held were not deemed to be material.

### 1.12 Service Expenditure Analysis and Overheads

The disclosure initiative 'Telling the Story' resulted in amendments to IAS 1 Presentation of Financial Statements.

As a result, and consistent with prior years, the Net Cost of Police Services has been reported in line with internal management reports for the PCC Group and Chief Constable. The presentation is not segmental and the costs of overheads and support services have not been re-allocated. However, the format is in accordance with the PCC Group's arrangements for accountability and financial performance.

### 1.13 Intangible Assets

Expenditure on non-monetary assets that do not have physical substance but are controlled as a result of past events (e.g. software licences) is capitalised when it is expected that future economic benefits, or service potential will flow from the intangible asset.

Intangible assets are measured initially at cost. Amounts are only re-valued where the fair value of the assets can be determined by reference to an active market. In practice, no intangible asset meets this criterion and they are therefore carried at amortised cost.

Principal Asset Categories and their Useful Economic Lives	Years
Other Assets e.g. Software Licences	3 - 5

#### 1.14 Property, Plant and Equipment

Property, plant and equipment are assets that have physical substance and are held for use in the provision of services or for administrative purposes on a continuing basis.

##### Recognition

All expenditure on the acquisition, creation or enhancement of property, plant and equipment is capitalised on an accruals basis in the accounts. The expenditure is capitalised provided that the fixed asset yields an enduring benefit to the PCC Group for a period of more than one year and that the asset value exceeds the £6,000 de-minimis level. Expenditure on maintenance is charged to the income and expenditure account.

##### Measurement

Initially fixed assets are measured at cost, comprising of the purchase price and any costs attributable to bringing the asset into use.

Assets are then carried in the Balance Sheet, using the following measurement basis:

Land and Buildings – Current Value based on Market Value (MV), Existing Use Value (EUV) or Depreciated Replacement Cost if the MV or EUV cannot be determined;

Vehicles, Plant, Furniture and Equipment – Current Value based on EUV or Depreciated Replacement Cost, if the EUV cannot be determined;

Non-Operational Surplus Assets – Measured in accordance with IFRS 13 Fair Value Measurement based on the price that would be received to sell the asset in an orderly transaction between market participants (Level 1 in the Fair Value Hierarchy) at the measurement date; and

Assets Held for Sale – The lower of carrying amount and Fair Value (based on MV or EUV), less costs to sell.

Separate valuations for land and buildings are undertaken as a minimum every five years; the last full revaluation took place in 2021/22. In 2022/23 the PCC Group undertook a revaluation for the Land and Buildings valued on a DRC basis due to the high increase in building costs. For other classes of assets annual reviews are undertaken by the asset owners, which includes a review of the carrying amount of the asset in the Balance Sheet. Increases in valuations are matched by credits to the Revaluation Reserve to recognise unrealised gains. Exceptionally, gains might be credited to the CIES where they arise from the reversal of an impairment loss previously charged to a service revenue account. The Revaluation Reserve contains revaluation gains recognised since 1<sup>st</sup> April 2007 only, the date of its formal implementation. Gains arising before that date have been consolidated into the Capital Adjustment Account.

##### Impairments

Assets are assessed at each year end as to whether there is any indication that an asset may be impaired. Where indications exist and any possible write down is estimated to be material, the recoverable amount of the asset is determined and, where this is less than the carrying amount of the asset, an impairment loss is recognised for the shortfall.

Where the loss is determined for a previously re-valued asset, it is written off against any revaluation gains held for the asset in the Revaluation Reserve, with any excess charged to the CIES. Where an impairment loss is reversed subsequently, the reversal is credited to the relevant service line in the CIES, up to the amount of the original loss, adjusted for depreciation that would have been charged if the loss had not been recognised.

##### Depreciation

Depreciation is provided for on all property, plant and equipment assets by the systematic allocation of their depreciable amounts over their useful finite life. The principal asset categories and their useful economic lives, depreciated on a straight-line basis in accordance with IAS 16 Property Plant and Equipment, are:

Principal Asset Categories and their Useful Economic Lives	Years
Buildings	12, 35, 50, 75, 100
Land	Not Depreciated
Vehicles	5
Plant and Machinery	5 - 10
Computer Equipment (Hardware)	5 - 10
Radio Masts	15
Telephone and Radio Equipment	3 - 10
Assets Held For Sale	Not Depreciated
Assets Under Construction	Not Depreciated
Non-Operational Surplus Assets	As per Asset Category

A recharge is made from the PCC accounts in relation to depreciation charged on the PCC's assets, to reflect the use of these assets by the Chief Constable.

### 1.15 Disposals and Non-current Assets Held for Sale

When it becomes probable that the carrying amount of an asset will be recovered principally through a sale transaction rather than through its continuing use, it is reclassified as an Asset Held for Sale. The asset is re-valued immediately before reclassification and then carried at the lower of this amount and fair value less costs to sell. Depreciation is not charged on Assets Held for Sale.

The class of Assets Held for Sale has strict criteria that need to be met before assets can be included under its heading. Where assets are not in use but do not meet these criteria they are accommodated in the Non Operational/Surplus category of Property, Plant and Equipment.

When an asset is disposed of or decommissioned, the carrying amount of the asset in the Balance Sheet is written off to the Other Operating Expenses line in the CIES as part of the gain or loss on disposal. Receipts from disposals are credited to the same line in the Comprehensive Income & Expenditure Statement also, as part of the gain or loss on disposal. Any revaluation gains accumulated for the asset in the Revaluation Reserve are transferred to the Capital Adjustment Account. Amounts received in excess of £10,000 are categorised as capital receipts.

The written-off value of disposals is not a charge against the Council Tax as the cost of fixed assets is fully provided under separate arrangements for capital financing. Disposal gains and losses are therefore appropriated to the Capital Adjustment Account from the Police Fund Balance in the Movement on Reserves Statement.

### 1.16 Leases

The rentals payable under operating leases are charged to the CIES on an accruals basis.

### 1.17 Interests in Subsidiaries, Associates and Jointly Controlled Entities including Joint Arrangements

The Code requires the PCC Group to disclose any material interests in subsidiaries, associates and jointly controlled entities in a set of group accounts. This requirement means the consolidation of the transactions and balances of subsidiaries and of interests in associates and joint ventures. With the exception of the Office of the Chief Constable for Gwent, the PCC Group does not hold any material interests in subsidiaries, associated or jointly controlled entities that require consolidation. The PCC Group's policy is to disclose as a note to the financial statements details of any related companies.

Where the PCC Group has entered into collaborative arrangements with other Commissioners/ Forces an assessment has been made against IFRS 11 Joint Arrangements to determine the appropriate accounting treatment. IFRS11 requires all such arrangements to be classed as either Joint Ventures or Joint Operations.

### 1.18 Prior Period Adjustments, Changes in Accounting Policies, Estimates and Errors

Prior period adjustments may arise as a result of a change in accounting policies or to correct a material error. Changes in accounting estimates are accounted for prospectively, i.e. in the current and future years affected by the change and do not give rise to a prior period adjustment.

Changes in accounting policies are only made when required by proper accounting practices or the change provides more reliable or relevant information about the effect of transactions, other events and conditions on the PCC Group's financial position, or financial performance. Where a change is made, it is applied retrospectively (unless stated otherwise) by adjusting opening balances and comparative amounts for the prior period, as if the new policy had always been applied.

Material errors discovered in prior period figures are corrected retrospectively by amending opening balances and comparative amounts for the period.

### **1.19 Provisions, Contingent Liabilities and Contingent Assets**

In accordance with the Code of Practice the PCC Group has properly provided for liabilities known or certain to occur but for which the timing and amount are uncertain. Such provisions are included within the operating expenditure in the CIES.

#### **Contingent Liabilities**

A contingent liability arises where an event has taken place that gives the PCC Group a possible obligation whose existence will only be confirmed by the occurrence or otherwise of uncertain future events, not wholly within the control of the PCC Group. Contingent liabilities also arise in circumstances where a provision would otherwise be made but either it is not probable that an outflow of resources will be required, or the amount of the obligation cannot be measured reliably.

#### **Contingent Assets**

A contingent asset arises where an event has taken place that gives the PCC Group a possible asset whose existence will only be confirmed by the occurrence or otherwise of uncertain future events, not wholly within the control of the PCC Group.

Contingent liabilities and assets are not recognised in the Balance Sheet but disclosed in a note to the accounts.

### **1.20 Reserves**

The PCC Group sets aside specific amounts as reserves for future policy purposes or to cover contingencies. Reserves are created by appropriating amounts out of the General Police Fund Balance in the Movement in Reserves Statement. When expenditure to be financed from a reserve is incurred, it is charged to the appropriate service in that year to score against the Surplus or Deficit on the Provision of Services in the CIES. The reserve is then appropriated back into the General Fund Balance in the Movement in Reserves Statement so that there is no net charge against Council Tax for the expenditure.

The category of unusable reserves includes those reserves which are kept to manage the accounting processes for non-current assets, financial instruments, retirement and employee benefits and do not represent usable resources for the PCC Group. These reserves are explained in the relevant notes.

### **1.21 Value Added Tax (VAT)**

Income and expenditure excludes any amounts relating to VAT, as all VAT is remitted to/from HM Revenue & Customs. The Core Financial Statements have therefore been prepared exclusive of VAT.

### **1.22 Events after the Reporting Period**

Events after the Balance Sheet date are those events, both favourable and unfavourable, that occur between the end of the reporting period and the date when the Statement of Accounts is authorised for issue. Two types of event can be identified:

Those that provide evidence of conditions that existed at the end of the reporting period – the Statement of Accounts is adjusted to reflect such events; and

Those that are indicative of conditions that arose after the end of the reporting period – the Statement of Accounts is not adjusted to reflect such events, but where a category of events would have a material effect, disclosure is made in the notes of the nature of the events and their estimated financial effect.

## **Note 2 - Accounting Standards that have been issued but not yet adopted**

Under the Code of Practice on Local Authority Accounting in the United Kingdom 2022/23 (the Code), the PCC Group is required to disclose information setting out the impact of an accounting change required by a new accounting standard that has been issued but not yet adopted by the Code.

Paragraph 3.3.2.13 of the Code requires changes in accounting policy to be applied retrospectively unless alternative transitional arrangements are specified in the Code.

In addition paragraph 3.3.4.3 requires an authority to disclose information relating to the impact of an accounting change that will be required by a new standard that has been issued but not yet adopted by the Code for the relevant financial year. The changed standards are:

IFRS 16 – Leases, issued in January 2019. The compulsory adoption of this standard has been deferred to the 2024/25 Code;

Definition of Accounting Estimates (Amendments to IAS 8) issued in February 2021.

Definition of Accounting Policies (Amendments to IAS 1 and IFRS Practice Statement 2) issued in February 2021

Deferred Tax related to Assets and Liabilities arising from a Single Transaction (Amendments to IAS 12) issued in May 2021.

Updating a Reference to the Conceptual Framework (Amendments to IFRS 3) issued in May 2020.

None of the improvements are dealt with in the 2022/23 code as they would not have a significant effect on Local Authority financial statements.

## **Note 3 - Critical judgments in applying accounting policies**

In applying the accounting policies set out in Note 1, the PCC Group did not have to make any critical judgements about complex transactions, or those involving uncertainty about future events.

## Note 4 - Assumptions made about the future and other sources of estimation uncertainty

The Statement of Accounts contains estimated figures that are based on assumptions made by the PCC Group about the future, or that are otherwise uncertain. Estimates are made taking into account historical experience, current trends and other relevant factors. However, because balances cannot be determined with certainty, actual results could be materially different from the assumptions and estimates.

The items in the PCC Group's Balance Sheet as at 31<sup>st</sup> March 2023 for which there is a significant risk of material adjustments in the forthcoming financial years are as follows:

Item	Uncertainties	Effect if Actual Results Differ from Assumptions
<b>Property, plant and equipment</b>	Non-current assets are depreciated over useful lives that are dependent on assumptions about the level of repairs and maintenance that will be incurred. The current economic climate makes it uncertain that the PCC Group will be able to sustain its current spending on repairs and maintenance, bringing into doubt the useful lives of the assets.	If the useful life of assets is reduced, depreciation increases and the carrying amount of the asset decreases. It is estimated that the annual depreciation charge for plant and equipment would increase by approximately £1.346m every year the useful lives of the PCC Group's plant and equipment asset base were reduced.
<b>Police pensions liability</b>	Estimation of the liability to pay pensions depends on a number of complex judgements relating to the discount rate used, the rate at which salaries are expected to increase, changes in retirement ages, mortality rates and expected return on pension fund assets.	<p>The effects on the net pension liability of changes in individual assumptions can be measured. For instance, a 0.5% increase in the rate of increase in salaries would have a £12m increase in the Police Pension Scheme Liability.</p> <p>A 1-year increase in the life expectancy of Police Pensioners would result in the Police Pension Liability increasing by £29m.</p> <p>However, the assumptions interact in complex and sensitive ways. During 2022/23, GAD advised that the net pensions' liability had decreased by £570.18m due to changes in financial assumptions used. In the previous financial year the net pension liability decreased by £21.87m attributable to changes in financial assumptions.</p> <p>Further information on pension scheme assets and liabilities is provided in Note 36.</p>
<b>Accumulated Absences</b>	Estimation of the liability with respect to untaken annual leave, flexi balances, rest days for recovery and overtime on the card requires the use of sampling techniques to form a reliable estimate of the outstanding liability. Sample size and methodology can all impact on the final estimated liability.	The effect of a 1% increase in untaken accumulated absences result in a £0.022m increase in the estimated liability.
<b>Arrears</b>	At 31 <sup>st</sup> March 2023, the PCC Group had a balance of Sundry Debtors of £0.343m. A review of historical levels of debt that have had to be written off in previous years suggested that a year-end provision for bad debts of £0.004m was required.	A 1% increase in the average amount of debts requiring write off would require no change to the bad debt provision at 31 <sup>st</sup> March 2023.

## **Note 5 - Material items of Income & Expenditure**

There are no material items of income and expenditure that require separate additional disclosure.

## **Note 6 - Events after the Balance Sheet date**

The Unaudited Statement of Accounts was authorised for issue by the Chief Finance Officer on 30<sup>th</sup> June 2023. There are no adjusting or non-adjusting events.

## Note 7 - Note to the Expenditure and Funding Analysis

The following note to the EFA provides a reconciliation of the EFA adjusting items and the (Surplus) or Deficit on the Police Fund. The adjustments are summarised into different categories and include adjustments for capital purposes, pensions and other differences. Other differences include disclosure adjustments between amounts reported to management and those reported in the CIES under generally accepted accounting practices. These adjustments are also disclosed in Note 8 – Adjustments between Accounting Basis and Funding Basis.

## Revaluation

The land and buildings for Ystrad Mynach and Newport Central were re-valued at 31<sup>st</sup> March 2023 by Cooke and Arkwright. The report was prepared as defined in the Royal Institute of Chartered Surveyors (RICS) Valuation Standards.

The asset valuers responsible for the report were Elizabeth Hill, BSc, MRICS, Director. The valuation was overseen by Andrew Gardner, BSc, FRICS, Director. All Directors are Chartered Surveyors.

The basis of the valuation was current value using Depreciated Replacement Cost as only specialist building were revalued.

The result of the re-valuation exercise saw gains of £1.608m and a loss of £.001m resulting in a net gain of £1.607m.

## Note 14 - Intangible Assets

The PCC Group accounts for its software as intangible assets, to the extent that the software is not an integral part of a particular IT system and accounted for as part of the hardware item of Property, Plant and Equipment. The intangible assets include both purchased licenses and internally generated software. All software is given a finite useful life, based on assessments of the period that the software is expected to be of use to the PCC Group.

There were no changes in the accounting estimates for intangible assets during the year and no intangible assets are considered to have an indefinite life. During the year amortisation of £0.281m (2021/22: £0.309m) and impairment of £0 (2021/22: £0) was charged to the CIES during 2022/23. This charge reflects the expected pattern of consumption of economic benefits of the intangible assets during the period.

The movement on Intangible Asset balances during the year 2022/23 with comparatives for 2021/22 was:

<b>Net gain/(loss) for the year</b>	<b>0</b>	<b>81</b>	<b>81</b>	<b>0</b>	<b>608</b>	<b>608</b>

**Fair Values**

Financial liabilities and financial assets represented by loans and receivables are carried on the Balance Sheet at amortised cost. Their fair value can be assessed by calculating the present value of the cash flows that take place over the remaining life of the instruments, using the following assumptions:

- (i) Where an instrument has a maturity of less than 12 months or is a trade or other receivable the fair value is taken to be the principal outstanding (plus interest) or the billed amount; and
- (ii) The fair value of trade or other receivables is taken to be the invoice or billed amount.

The fair values calculated are as follows:

	31 March 2022		31 March 2023	
	Carrying Amount	Fair Value	Carrying Amount	Fair Value
	£'000	£'000	£'000	£'000
<b>Financial liabilities</b>				
Short-term creditors	18,195	18,195	17,977	17,977
<b>Total Financial Liabilities</b>	<b>18,195</b>	<b>18,195</b>	<b>17,977</b>	<b>17,977</b>

	31 March 2022		31 March 2023	
	Carrying Amount	Fair Value	Carrying Amount	Fair Value
	£'000	£'000	£'000	£'000
<b>Financial Assets</b>				
Investments and money market loans	32,032	32,032	35,266	35,266
Short-term debtors	16,938	16,938	10,215	10,215
<b>Total Financial Assets</b>	<b>48,970</b>	<b>48,970</b>	<b>45,481</b>	<b>45,481</b>

The fair values for loans and receivables, has been made by comparison with a comparable investment with the same/similar lender for the remaining period of the deposit.

The comparator market rates prevailing have been taken from indicative investment rates at each Balance Sheet date. In practice rates will be determined by the size of the transaction and the counterparty, but it is impractical to use these figures, and the difference is likely to be immaterial.

The valuation of financial instruments has been classified into three levels, according to the quality and reliability of information used to determine fair values.

- (i) Level 1 – quoted prices;
- (ii) Level 2 – inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and
- (iii) Level 3 – unobservable inputs for the asset or liability.

The valuation basis adopted in this report uses Level 2 Inputs – i.e., inputs other than quoted prices that are observable for the financial asset/liability.

### Injury and Damage and Other Compensation Claims

All of the injury compensation claims are individually insignificant by value. They relate to personal injuries and road traffic collisions where the PCC Group is deemed to be at fault or claims for wrongful arrest. Other compensation claims include cases taken to employment tribunals by current and former employees and includes claims for the payment of overtime for additional duties performed under the Police Regulations Act 2003.

Any claim above £250,000 with regard to employers and public liability and £100,000 with regard to motor vehicle claims would be met by the PCC Group's insurance.

The Revaluation Reserve contains the gains made by the PCC Group arising from increases in the value of its property, plant and equipment and intangible assets.

The balance is reduced when assets with accumulated gains are revalued downwards or impaired, and the gains are either used in the provision of services and consumed through depreciation; or disposed of and the gains are realised.

The Reserve contains only revaluation gains accumulated since 1 April 2007, the date that the Reserve was created. Accumulated gains arising before the date are consolidated into the balance on the Capital Adjustment Account.

<b>(57,627)</b>	<b>Balance 31 March</b>	<b>(60,018)</b>

The Capital Adjustment Account absorbs the timing differences arising from the different arrangements for the accounting for the consumption of non-current assets and for financing the acquisition, construction or additions to those assets under statutory provisions. The Account is debited with the cost of acquisition, construction or subsequent costs as depreciation, impairment losses and amortisations are charged to the Comprehensive Income and Expenditure Statement (with reconciling postings from the Revaluation Reserve to convert current and fair value figures to a historical cost basis). The Account is credited with the amounts set aside by the PCC Group as finance for the costs of acquisition, construction and subsequent costs. The Account also contains revaluation gains accumulated on property, plant and equipment before 1st April 2007, the date that the Revaluation Reserve was created to hold such gains.

## Pension Reserve

31 March 2022		31 March 2023
£'000		£'000
<b>1,685,454</b>	<b>Balance 1 April</b>	<b>1,713,805</b>

87,900	Reversal of items relating to retirement benefits debited or credited to the Surplus or Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement	92,564
(44,845)	Employer's pensions contributions and direct payments to pensioners payable in the year	(41,910)
0	Other movements	0
<b>1,713,805</b>	<b>Balance 31 March</b>	<b>1,116,385</b>

The Pensions Reserve absorbs the timing differences arising from the different arrangements for the accounting for post-employment benefits in accordance with statutory provisions. The PCC Group accounts for post-employment benefits and for funding benefits in accordance with statutory provisions. The PCC Group accounts for post-employment benefits in the Comprehensive Income and Expenditure Statement as the benefits are earned by employees accruing years of service. The PCC Group accounts also update liabilities to reflect inflation, changing assumptions and investment returns on any resources set aside to meet the costs. However, statutory arrangements require benefits earned to be financed as the PCC Group makes employer's contributions to pension funds or eventually pays any pensions for which it is directly responsible. The debit balance

## OFFICIAL SWYDDOGOL

on the Pension Reserve therefore shows a substantial shortfall in the benefits earned by past and current employees and the resources the PCC Group has set aside to meet them.

### Accumulated Absences Account

31 March 2022		31 March 2023
£'000		£'000
<b>2,051</b>	<b>Balance 1 April</b>	<b>2,706</b>
(2,051)	Settlement or cancellation of accrual made at the end of the preceding year	(2,706)

655	Amount by which officer remuneration charged to the Comprehensive Income and Expenditure Statement on an accruals basis is different from remuneration chargeable in year in accordance with statutory requirements	(539)
<b>2,706</b>	<b>Balance 31 March</b>	<b>2,167</b>

The Accumulated Absences Account absorbs the differences that would otherwise arise on the General Fund Balance from accruing for compensated absences earned but not taken in the year, e.g. annual leave entitlement carried forward at 31<sup>st</sup> March. Statutory arrangements require that the impact on the General Fund Balance is neutralised by transfers to or from the Account.

## Remuneration Relationship

Reporting bodies are required to disclose the relationship between the highest paid 'Executive' in the organisation and the median remuneration of the organisations workforce during the year to which the accounts relate. Remuneration is based on full time annualised remuneration payable and is determined by taking the salary as at 31<sup>st</sup> March 2023 plus the benefit in kind and other payments made during the period.

For the Office of the Police and Crime Commissioner the remuneration relationship is disclosed for the Chief Executive and the Chief Finance Officer. The Chief Finance Officer is the highest paid staff member and is included below.

	<b>2021/22</b>	<b>2022/23</b>
Chief Constable's Remuneration	158,672	151,815
Median Pay of the Chief Constable's Staff	29,793	32,313

Median Pay Ratio	<b>2.80</b>	<b>2.73</b>
Chief Executive Officer's Pay Remuneration	94,095	96,072
Median Pay of the Police and Crime Commissioner's Staff	34,578	36,177
Median Pay Ratio	<b>2.72</b>	<b>2.66</b>

## Remuneration Disclosure

The following table sets out the remuneration disclosure, for relevant Police Officers (Chief Officer rank) and Senior Staff (Chief Officer equivalent rank, and senior post holders in the Office of the Police and Crime Commissioner), whose salary is equal to, or more than £60,000 per year. The regulation requires individuals whose salary exceeds £150,000 per year, to be identified by name.

Expense allowances include "essential user" car lump sum allowance and benefit in kind includes the money value of benefits received otherwise than in cash e.g. private use of a Force asset. Other payments include those allowances only relevant to Police Officers such as rent allowance and compensatory grant. During the year no amounts were paid in respect of compensation for loss of employment. Equivalent disclosure is provided for the previous year 2021/22.

## Note 32 - Related Parties

IAS 24 requires the PCC Group to disclose all material transactions with related parties, that is bodies or individuals that have the potential to influence the PCC Group or to be controlled and influenced by the PCC Group. Disclosure of these transactions allows the reader to assess the extent to which the PCC Group might have been constrained in its ability to operate independently or might have secured the ability to limit another party's ability to bargain freely with the PCC Group. This disclosure note has been prepared based on specific declarations obtained between April 2022 and March 2023, in respect of related party transactions.

### Central Government

Central Government has effective control over the general operations of the PCC Group and it is responsible for providing the statutory framework within which the PCC Group operates, provides the majority of its funding in the form of grants presented in Note 12 – Taxation and Non Specific Grant Income, and prescribes the terms of many of the transactions that the PCC Group has with other parties (e.g. council tax bills). However the PCC has direct control over the PCC Group's financial and operating policies.

### Members

The total allowances and expenses paid to Members during the year are shown in Note 27 – Members Allowances. Transactions with the unitary authorities that members of the Police and Crime Panel represent are detailed in Note 12 of the PCC Group Statement of Accounts – Taxation and Non-Specific Grant Income.

A member of the JAC is an Independent Member of the Governance and Audit committee for Cardiff Council (commenced 2022-23), a trustee at Cardiff University (ceased during 2022-23). During the 2022/23 financial year, the Police and Crime Commissioner for Gwent paid a total to Cardiff University of £121,413 (2021/22 £94,386) for Forensic Services. No income was received. Cardiff Council received payments during 2022/23 totalling £148,262 (2021/22 £153,724), there were no creditor or debtor balances for 2022/23 (2021/22 Creditor balance of £6,512).

Also, a JAC member is a Board Member of Coleg Gwent. During 2022/23, the Police and Crime Commissioner paid £80 (2021/22 £1,740). No income was received. There was a Creditor balance of £385 (2021/22 £0)

### Officers

The Assistant Chief Officer- Resources is the Company Secretary to Gwent Independent Film Trust (GIFT) Ltd. See Note 42 – Gwent Independent Film Trust (GIFT) for additional information. In addition, the Assistant Chief Officer- Resources has a long term friendship with the Commercial Manager of BAM Construction Ltd (BAM). Police and Crime Commissioner for Gwent have contractual relationships with BAM in relation to the construction of a new HQ building. During the 2022/23 financial year, the Police and Crime Commissioner for Gwent paid a total to BAM of £123,097 (2021/22: £16,201,898) and no creditor balance in 2022/23 (2021/22 £431,630). No income was received

The Chief Finance Officer is a member of the Audit and Risk Committee of Police Digital Services (PDS). PDS is a company limited by guarantee and is wholly owned by Police and Crime Commissioners in England and Wales. It was established to support policing to make the public safer through better ICT, through seeking to act as a bridge between the policing, technological and commercial worlds. During the 2022/23 financial year, the Police and Crime Commissioner for Gwent paid a total to the Company of £233,028 (2021/22 £232,088). No income was received but there was a debtor balance of £16,361.

A family member of the Chief Finance Officer is a Senior Finance Business Partner for Newport City Council (NCC). The Police and Crime Commissioner for Gwent have contractual relationships with NCC, in relation to such things as the receipt of precept monies and also co-funded initiatives such as the Missing Children's Hub. During 2022/23, the Police and Crime Commissioner for Gwent received £18,506,838 (2021/22 £17,453,512) income from NCC and, made payments to them of £3,118,966 (2021/22 £1,645,143). There is a Debtor Balance of £34,693 (2021/22 £3,294), Creditor balance of £0 (2021/22 £0).

During 2022/23 the Police and Crime Commissioner became a Non-Executive Director of the College of Policing. The College of Policing received £134,563 (2021/22 £165,575) during the financial year and paid the Police and Crime Commissioner for Gwent £236,193 (2021/22 £9,640). There is a Creditor balance of £87 (2021/22 £3,283) and no debtor balance.

### Note 33 - Capital Expenditure and Capital Financing

The total amount of capital expenditure incurred in the year is shown in the table below (including the value of assets acquired under finance leases and PFI contracts), together with the resources that have been used to finance it. Where capital expenditure is to be financed in future years by charges to revenue as assets are used by the PCC Group, the expenditure results in an increase in the Capital Financing Requirement (CFR), a measure of the capital expenditure incurred historically by the PCC Group that has yet to be financed. The CFR is analysed in the second part of this note.

## Note 34 - Leases PCC

### PCC and PCC Group as Lessee Finance Leases

The PCC Group does not participate in any finance lease arrangements.

### Operating Leases

The PCC Group utilises various properties under operating leases – some of which have break out clauses, some leases have expired and are in a period of 'holding over' whilst new leases are negotiated, or alternative arrangements sought. None of the properties utilised under operating leases are sub-let.

The expenditure charged to Premises costs line in the CIES during the year in relation to the property leases was £721,178 inclusive of service charges (2021/22: £643,861).

The PCC Group also utilises Multi-Functional Devices (combined photocopier, printer and scanners) through operating leases. The PCC Group has a 5-year contract with Konica Minolta, which was renewed in January 2022. Expenditure on these leases (excluding copy charges) during the year was £44,496. (2021/22: £45,508).

The tables below show the future current minimum lease payments for both premises and MFDs

### PCC and PCC Group as Lessor

The PCC received rental income during the year with respect to the following premises:

Bargoed Police Station - £2,200 (2021/22 £2,200), from Bargoed Town Council. The lease agreement with respect to Bargoed Police Station will not end until June 2024 at the earliest.

Pontypool Police Station - £0 (2021/22 £17,581), from Torfaen CBC. The lease agreement with respect to Pontypool Police Station ended in August 2021.

The PCC also received rental income from the Radio Mast sites of £10,668 (2021/22 £10,668)

The table below shows the future current minimum rental income from premises.

## Note 35 – Collaboration

Police forces in Wales have a long, successful history of collaborating to develop specialist areas of policing. This includes those under the remit of the former Police Authorities of Wales Joint Committee. Future collaboration will be driven by the need to satisfy the Strategic Policing Requirement and by the outcomes of the Regional Strategic Assessment of threats, risks and harm to the southern region of Wales. The Police and Crime Commissioner for each Police Force will be responsible for ensuring the Strategic Policing Requirement is met. As part of this, they will look to work in collaboration with other Commissioner's and Forces to provide the most effective service possible. Such agreements are regulated by Section 22A of the Police Act 1996, as amended by the Police Reform and Social Responsibility Act 2011.

The collaborative services and their funding continue under revised Commissioner and Force Governance arrangements. These are in effect considered as 'Pooled Budgets' with agreements for Funding Contributions, made and varied from time to time, and certain Specific Government Grants. The pooled budgets are effectively hosted by the Commissioner and Force for South Wales Police on behalf of the four police forces in Wales. A summary of the cost of the various collaborative services attributable to the PCC Group is shown in the following table.

**Other Collaborative Working - Shared Resource Service Centre**

The Gwent Police Authority entered into a public sector collaborative arrangement, known as the Shared Resource Service (SRS), with Torfaen County Borough Council (TCBC) and Monmouthshire County Council (MCC) in May 2011. During 2017/18, Newport City Council (NCC) and Blaenau Gwent County Council (BGCC) joined the collaborative working arrangement.

A memorandum of understanding is in place to provide robust governance arrangements. The arrangement is not a separate legal entity and ownership of the SRS premises reside with TCBC. In 2022/23 expenditure incurred was fully covered by the contributions from the partners.

## Note 36 - Defined Benefit Pension Scheme

### McCloud / Sargeant Judgement

The Chief Constable of Gwent along with other Chief Constables and the Home Office currently has 148 claims in respect of unlawful discrimination arising from transitional provisions in the Police Pension Regulations 2015. These claims against the Police Pension Scheme (the Aarons case) had previously stayed behind the McCloud/Sargeant judgement but have now been lifted and a case management hearing was held on 25th October 2019. The resulting Order of 28<sup>th</sup> October 2019 included an interim declaration that the claimants are entitled to be treated as if they had been given full transitional protection and had remained in their existing scheme after 1<sup>st</sup> April 2015. This interim declaration applies to claimants only. However, the Government made clear that non-claimants who are in the same position as claimants will be treated fairly to ensure they do not lose out. This was re-iterated in the Written Ministerial Statement on 25<sup>th</sup> March 2020.

On the 16<sup>th</sup> July 2020 the Treasury published their Public Service Pension Schemes Consultation: changes to the transitional arrangement to the 2015 scheme, which contained the proposed remedy. On the 4<sup>th</sup> February 2021 the Treasury published their response to the consultation. This response confirmed that the legacy schemes would be closed from 31<sup>st</sup> March 2022, a remedy would be introduced for the period 2015 to 2022 based on a deferred choice underpin basis, and, eligibility criteria for members to access the remedy.

On 19<sup>th</sup> July 2021 the Public Service Pensions and Judicial Offices Act 2022 was taken to the House of Lords. This got royal assent on 10<sup>th</sup> March 2022 and the Act came into force from 1<sup>st</sup> April 2022. HMT directions to accompany the act were published on 14<sup>th</sup> December 2022. The Act closed the legacy schemes from 31<sup>st</sup> March 2022 and brings the retrospective remedy into force by 1<sup>st</sup> October 2023. It is now for Home Office to consult on the secondary regulations to bring the policy determined by the act into force from 1<sup>st</sup> October 2023, this consultation opened on 28<sup>th</sup> February and closed on 23<sup>rd</sup> May 2023.

### Legal Claims

#### Aarons and Ors Cases

Injury for feelings claims for Aarons were due to be heard by the Employment Tribunal in December 2021, and on 25<sup>th</sup> November 2021 the Home Secretary sought agreement from Chief Officers to settle on behalf of forces. This authority was given and the Government Legal Department (GLD) have since settled on behalf of forces. Therefore no liability in respect of compensation claims is recognised in these accounts.

### Penningtons

These claims were brought after the finding of discrimination by the Court of Appeal in McCloud and Sargeant. As at 31<sup>st</sup> March 2023, it is not possible to reliably estimate the extent or likelihood of these claims being successful, and therefore no liability in respect of compensation claims is recognised in these accounts.

### Remedy

The Public Service Pensions and Judicial Offices Act 2022 (PSPJOA 2022) legislates for how the government will remove the discrimination identified by the courts in the way that the 2015 reforms were introduced for some members.

The main elements of the Act are:

- Changes implemented across all the main public service pension schemes in response to the Court of Appeal judgment in the McCloud and Sargeant cases:
- Eligible members of the main unfunded pension schemes have a choice of the benefits they wish to take for the “remedy period” of April 2015 to 31<sup>st</sup> March 2022.
- From 1<sup>st</sup> April 2022, when the remedy period ends, all those in service in main unfunded schemes will be members of the reformed pension schemes, ensuring equal treatment from that point on.
- Ensures there are no reductions to member benefits as a result of the 2016 cost control valuations.

### Impact on Pension Liability

Allowing for all members to remain in their existing scheme as at 1<sup>st</sup> April 2015 would lead to an increase in the Police Pension Scheme liabilities. Scheme actuaries have estimated the potential increase in scheme liabilities for Gwent Police to be approximately 4.4% or £62.860m of pension scheme liabilities. This increase was reflected in the IAS 19 disclosure as a past service cost in the 2018/19 accounts. This amount has been reviewed on an annual basis and in 2021/22 the estimated decrease was £148.04m in pensions scheme liabilities from the previous year. In 2022/23 the estimated decrease is £555.35m from the liability in 2021/22. This decrease reflects a change in assumptions and therefore represents a gain on remeasurement and reported in the Comprehensive Income and Expenditure Statement (CIES).

## OFFICIAL SWYDDOGOL

The impact of an increase in scheme liabilities arising from McCloud/Sargeant judgement will be measured through the pension valuation process, which determines employer and employee contribution rates. The next Police Pension valuation is due to be reported in 2023/24, although this timetable is subject to change.

The impact of an increase in annual pension payments arising from McCloud/Sargeant is determined through the Police Pension Fund Regulations 2007. These require a police body to maintain a pension fund into which officer and employer contributions are paid and out of which pension payments to retired officers are made. If the police pension fund does not have sufficient funds to meet the cost of pensions in year the amount required to meet the deficit is then paid by the Secretary of State to the police authority in the form of a central government top-up grant.

### Participation in Pension Schemes

As part of the terms and conditions of employment of its Police Officers and Police Staff, the Chief Constable makes contributions towards the cost of post-employment benefits. Although these benefits will not actually be payable until employees retire, the PCC Group has a commitment to make the payments (for those benefits) and to disclose them at the time that employees earn their future entitlement.

The PCC Group participates in two post-employment schemes:

- (i) The Police Pension Scheme for Police Officers - this is an unfunded scheme, meaning that there are no investment assets built up to meet the pension liabilities and cash has to be generated for actual pension payments in the year they eventually fall due; and
- (ii) Pensions and benefits for Police Staff are provided under the Greater Gwent (Torfaen) Pension Fund (Local Government Pension Scheme). This is a funded scheme, meaning that the PCC Group and employees pay contributions into the fund, calculated at a level intended to balance the pension's liabilities with investment assets.

### Transactions relating to Post-employment Benefits

The cost of retirement benefits is recognised in the reported cost of services when they are earned by employees, rather than when the benefits are eventually paid as pensions. However, the charge that is required to make against council tax is based on the cash payable in the year, so the real cost of post-employment/retirement benefits is reversed out of the General Fund via the Movement in Reserves Statement. The transactions in the following table have been made in the Comprehensive Income and Expenditure Statement and the General Fund Balance via the Movement in Reserves Statement during the year.

## OFFICIAL SWYDDOGOL

The liabilities show the underlying commitments that the Chief Constable has in the long run to pay retirement benefits. The total liability of £1.294bn (2021/22: £1.890bn) has a substantial impact on the net worth of the Chief Constable as recorded in the Balance Sheet, resulting in a negative overall balance of £1.116bn (2021/22: £1.714bn).

However, statutory arrangements for funding the deficit mean that the financial position of the Chief Constable remains healthy:

- (i) The deficit on the local government scheme will be made good by increased contributions over the remaining working life of the employees, as assessed by the scheme actuary; and
- (ii) Finance is only required to be raised to cover Police pensions when the pensions are actually paid.

The Police and Crime Commissioner is not liable for other entities' obligations under the terms and conditions of the Police Officer Pension and Local Government Pension schemes. In the event that the Police and Crime Commissioner were to leave these schemes, the assets and liabilities relating solely to Force officers and staff, past and present, would be calculated and transferred into any new scheme.

## Basis for Estimating Assets and Liabilities

The expected return on assets are no longer required for IAS19 as the discount rate (4.75% Local Gov and 4.65% Police) is now used by the Actuary to calculate the projected costs for next year and set the expected return on assets.

The approximate split of assets for the Fund as a whole (based on data provided by the Actuary) is shown below:

### Asset Allocations

The 2021/22 asset allocations have been restated inline with the 2022/23 categorisation.

The estimation of the defined benefit obligations is sensitive to the actuarial assumptions set out in the table above. The sensitivity analyses below have been determined based on reasonably possible changes of the assumptions occurring at the end of the reporting period and assumes for each change that the assumption analysed changes while all the other assumptions remain constant. The assumptions in longevity, for example, assume that life expectancy increases or decreases for men and women. In practice, this is unlikely to occur, and changes in some of the assumptions may be interrelated. The estimations in the sensitivity analysis have followed the accounting policies for the scheme, i.e. on an actuarial basis using the projected unit credit method. The methods and types of assumptions used in preparing the sensitivity analysis below did not change from those in the previous period.

**Note 37 - Contingent Assets and Liabilities**

The PCC Group does not have any contingent assets or contingent liabilities.

## Note 38 - Nature and Extent of Risks Arising from Financial Instruments

The PCC Group's activities expose it to a variety of financial risks, the key risks are:

- (i) Credit risk: The possibility that other parties might fail to pay amounts due to the PCC Group;
- (ii) Liquidity risk: The possibility that the PCC Group might not have funds available to meet its commitments to make payments;
- (iii) Re-financing risk: The possibility that the PCC Group might be required to renew a financial instrument on maturity at disadvantageous interest rates or terms; and
- (iv) Market risk - the possibility that financial loss might arise for the PCC Group as a result of changes in such measures as interest rate movements.

### Overall Procedures for Managing Risk

The PCC Group's overall risk management procedures focus on the unpredictability of financial markets, and implementing restrictions to minimise these risks. The procedures for risk management are set out through a legal framework outlined in the Local Government Act 2003 and the associated regulations. These require the PCC to comply with the CIPFA Prudential Code, the CIPFA Treasury Management in the Public Services Code of Practice and Investment Guidance issued through the Act. Overall these procedures require the PCC Group to manage risk in the following ways:

- (i) By formally adopting the requirements of the Code of Practice;
- (ii) By approving annually in advance prudential indicators for the following three years limiting:
  - The PCC Group's overall borrowing;
  - Its maximum and minimum exposures to fixed and variable rates;
  - Its maximum and minimum exposures for the maturity structure of its debt; and
  - Its maximum annual exposures to investments maturing beyond a year.
- (iii) By approving an investment strategy for the forthcoming year setting out its criteria for both investing and selecting investment counterparties in compliance with the Welsh Government Guidance.

These are required to be reported and approved at or before the PCC Group's annual budget setting meeting before the start of the year to which they relate. These items are reported in the annual treasury management strategy which outlines the detailed approach to managing risk in relation to the PCC Group's financial instrument exposure. Actual performance is also reported twice yearly to Members of the Joint Audit Committee (JAC).

These policies are implemented by a central treasury team. The PCC Group maintains written principles for overall risk management, as well as written policies covering specific areas, such as interest rate risk, credit risk, and the investment of surplus cash through Treasury Management Practices (TMPs). These TMPs are a requirement of the Code of Practice and are reviewed annually.

### Credit risk

Credit risk arises from deposits with banks and financial institutions, as well as credit exposures to the Group's customers. This risk is minimised through the Annual Investment Strategy, which requires that deposits are not made with financial institutions unless they meet identified minimum credit criteria, in accordance with the Fitch, Moody's and Standard & Poor's Ratings Services. The Annual Treasury Management Strategy also imposes a maximum amount and time to be invested with a financial institution located within each category. Deposits are not made with banks and financial institutions unless they meet the minimum requirements of the investment criteria outlined above.

The following analysis summarises the Group's maximum exposure to credit risk. The table gives details of global corporate finance 5-year average cumulative default rates (including financial organisations) on investments out for up to 1 year.

### Exposure to Credit Risk

	Amount at 31 March 2023	Historical experience of default	Adjustment for market conditions at 31 March 2023	Estimated maximum exposure to default
	£'000	%	%	£'000
Deposits with Banks and Financial Institutions	2,005	0.000%	0.00%	0
Money Market Funds	3,017	0.000%	0.00%	0
Local Authorities	30,244	0.006%	0.00%	0
Debt Management Office	0	0.000%	0.00%	0
Trade Debtors	339	0.075%	0.075%	0
<b>Total</b>	<b>35,605</b>			<b>0</b>

Whilst the recent credit crisis in international markets has raised the overall possibility of default, the PCC Group maintains strict credit criteria for investment counterparties.

### Outstanding Debts

The PCC Group does not generally allow credit for its trade debtors, however aged debtors has reduced from 2022. The recoverability of this debt is not considered a risk as the majority of the trade debt is with other public sector counter parties. As at 31<sup>st</sup> March 2023 £0.068m of the £0.339 balance is past its due date for payment. The amounts can be analysed by age as follows:

	31 March 2022	31 March 2023
	£'000	£'000
Not Due	431	263
0-1 Month	9	8
1-3 Months	298	7
3-6 Months	138	3
6-12 Months	17	28
> 12 Months	73	30
<b>Total</b>	<b>966</b>	<b>339</b>

### Liquidity Risk

The PCC Group manages its liquidity position through the risk management procedures above (the setting and approval of prudential indicators and the approval of the treasury strategy reports), as well as through a comprehensive cash flow management system, as required by the Code of Practice. This seeks to ensure that cash is available when it is needed.

The PCC Group has ready access to borrowings from the Money Markets and Lloyds Bank Instant Access Call Account to cover any day-to-day cash flow need, and currently does not have any need to access longer-term funding from the PWLB. The PCC Group is also required by legislation to provide a balanced budget which ensures sufficient monies are raised to cover annual expenditure. There is therefore no significant risk that it will be unable to raise finance to meet its commitments under financial instruments.

### Refinancing and Maturity Risk

The PCC Group maintains an investment portfolio. Whilst the cash flow procedures above are considered against the refinancing risk procedures, longer-term risk to the PCC Group relates to managing the exposure of replacing financial instruments as they mature. This risk relates to both the maturing of longer-term financial liabilities and longer-term financial assets.

The approved prudential indicator limits for the maturity structure of debt and the limits placed on investments deposited for more than one year in duration are the key parameters used to address this risk. The PCC Group approved treasury and investment strategies address the main risks and the central treasury team address the operational risks within the approved parameters. This includes:

- (i) Monitoring the maturity profile of financial liabilities and amending the profile through either new borrowing or the rescheduling of the existing debt; and
- (ii) Monitoring the maturity profile of investments to ensure sufficient liquidity is available for the PCC Group's day-to-day cash flow needs.

The PCC group has £nil (2021/22-£nil) financial liabilities with a maturity of greater than one year. All trade and other payables are due to be paid in less than one year. In addition all Financial Assets are due to be repaid in less than one year. For further disclosure see Note 16 – Financial Instruments.

### Market Risk

Market risk is sub-divided into interest rate, price and foreign exchange risk.

### Interest Rate Risk

The PCC Group has minimal exposure to risk in terms of its exposure to interest rate movements on its borrowings and investments. Investments of £30m are at fixed rates. If interest rates were to rise, the fair value of these will remain the same as they are all for less than one year in duration. A further £3m is deposited in Money Market Funds which are subject to variable interest rates or yields however the size, diversification and structure of the fund's assets mitigate risk. There is also a £2m deposit in Lloyds Bank Instant Access account. The interest rate is fixed but the yield will vary depending on the time left in the call account.

### Price Risk

The PCC Group is not exposed to any risks associated with a change in price of investments such as equity shares.

### Foreign Exchange Risk

The PCC Group has no financial assets or liabilities denominated in foreign currencies.

## Note 39 - Intra Group Adjustments

The table below shows the movement through the Intra Group adjustment account within the PCC and Chief Constable's Comprehensive Income and Expenditure Statement (CIES) and Balance Sheet during the year. Intra Group adjustments are required in the CIES as the Chief Constable cannot hold any reserves and therefore any surplus or deficit on the provision of services and any actuarial gains or losses on pension assets and liabilities must be transferred to the PCC. Short Term creditors and Inventories (stocks) are recognised in the Chief Constable's Balance Sheet. However, because the Chief Constable cannot hold reserves, and therefore must have a Balance Sheet with a nil net worth, an intra-group adjustment is required to ensure that both net assets and reserves both balance to nil.

## Note 40 - Gwent Independent Film Trust (GIFT)

The Chief Constable is a subscriber to the Memorandum & Articles of Association of GIFT (Gwent) a Company Limited by Guarantee (Company Registration Number 7327539) and a registered charity (Charity Registration Number 1141278).

The Objects of the Charity are to promote the advancement of the education of the public in matters of anti-social behaviour, road, personal and community safety with a view to reducing the numbers and seriousness of road accidents and incidents of crime.

At 31<sup>st</sup> March 2023 GIFT (Gwent) had two Trustees. Nigel Stephens, Assistant Chief Officer Resources, who is a Chief Constable member of staff, acting as Trustee/Director and a second Trustee, Rhodri Williams who is acting as the independent chair.

The liability of Members is limited to £1, being the amount that each Member undertakes to contribute to the assets of the Charity in the event of it being wound up. If the Charity is dissolved, the assets (if any) remaining after provision has been made for all its liabilities must be applied in one or more of the following ways:

- (i) By transfer to one or more other bodies established for exclusively charitable purposes within, the same as or similar to the Objects;
- (ii) Directly for the Objects or charitable purposes within or similar to the Objects; or
- (iii) In such other manner consistent with charitable status as the Commission approves in writing in advance.

GIFT (Gwent) is a subsidiary of the Chief Constable for Gwent and PCC Group. However, no assets or liabilities of the Charity are reflected in the Balance Sheet of the Chief Constable and PCC Group on the grounds of materiality.

The annual report and the audited financial statements for the year ended 31st July 2022 disclosed net current assets of £1,340 (2021/22 £1,516) and retained a loss for the year of £176 (2021/22 loss £8,408).

## Glossary

Term	Definition
<b>2022/23</b>	This refers to the period covered by these accounts – 1 <sup>st</sup> April 2022 to 31 <sup>st</sup> March 2023
<b>2021/22</b>	This refers to the prior year financial period for comparative purposes – 1 <sup>st</sup> April 2021 to 31 <sup>st</sup> March 2022
<b>Accounting Policies</b>	These are a set of rules and codes of practice the PCC Group uses when preparing the accounts.
<b>Accruals</b>	The accounting treatment, where income and expenditure is recorded when it is earned or incurred not when the money is received or paid.
<b>Actuarial Gains and Losses</b>	For a defined benefit pension scheme, the changes in actuarial deficits or surpluses that arise because: <ul style="list-style-type: none"> <li>· Events have not coincided with the actuarial assumptions made in the last valuation; or</li> <li>· The actuarial assumptions have changed.</li> </ul>
<b>Amortisation</b>	This is the measure of the wearing out, consumption or other reduction in the useful life of Intangible assets.
<b>Balance Sheet</b>	This shows the value of the assets and liabilities recognised by the Group. The net assets of the Group (assets less liabilities) are matched by the reserves held by the Group.
<b>Capital Adjustment Account</b>	An account which accumulates (on the debit side) the write-down of the historic cost of fixed assets as they are consumed by depreciation and impairments, or written off on disposal, and (on the credit side) the resources that have been set aside to finance capital expenditure.
<b>Capital Expenditure</b>	Expenditure on the acquisition and construction of assets or expenditure which adds to the value of an existing asset, which have a long-term value to the Group, e.g. land and buildings.
<b>Capital Receipts</b>	Income from the sale of fixed assets, which can only be used to finance new capital expenditure or repay outstanding debt on assets financed from loans.  Usable capital receipts are those capital receipts which are not set aside for specific purposes but are available to be used for any capital purchases.
